DETAILED ACTION

- 1. The amendment filed on 03/26/07 has been fully considered and made of record.
- 2. The rejection of claims 1-17 which were rejected in Office Action mailed on 9/28/06 under either 35 USC 103 or 35 USC 103; these claims are rejected under either 35 USC 103 or 35 USC 103 herein for substantially the same reasons as provided in the previous Office Action which is incorporated herein and made a part hereof.

Response to Arguments

3. Applicants' arguments filed 03/26/07 have been fully considered but they are not persuasive for the following reasons:

Applicants' assertions that the prior art Nagate et al fails to teach or suggest "the use of respective first and second vacuum at the first and second location" as items 52 & 62 of Figure 2 (Remarks; page 7, last paragraph to page 8, 1st paragraph) are traversed. In response to applicants' arguments that the reference Nagate et al fails to show certain features of applicants' invention, it is noted that the features upon which applicant relies (i.e., first and second vacuum at the first and second location as items 52 & 62 of Figure) are not recited in the rejected claim. Although the claim is interpreted in light of the specification, limitations from the specification

are not read into the claim. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

Furthermore, Nagate et al teach several vacuums (Fig. 1, items 15 & 19 (similar to 5); col. 6, lines 22-27; col. 3, line 55; col. 7, lines 45-49) at several locations to secure and process the membrane web (Fig. 1, 1).

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicants' disclosure.

THIS ACTION IS MADE FINAL. Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
